The Chief Guest **Dr. K. R. Suresh Nair** in his inaugural address spoke about importance of participation in technical competition by the students along with academic performance to meet the industry standards. He also mentioned that, it is a platform to find future entrepreneurs and researchers who can contribute to the society. He has also highlighted the activities of IEEE Bangalore section and the support given by government of India to transform idea into product for the young entrepreneurs.

The **Guest of Honor, Mr. B.S. Bindhumadhava** appreciated the organizer for receiving such a huge number of quality projects in the competition. He has appreciated all the jury members and coordinators. He mentioned that the multidisciplinary and multi institutional projects will enhance efficiency and competency in research and product development components.

Special Guest Mr. Puneet Kumar Mishra appreciated the quality of the projects received in the competition. In his speech he spoke about the opportunities in satellites and space technology in the fields like telecommunication, navigation, earth observation, etc.. He suggested students to think in the direction of being an entrepreneur in the field of space technology.

Dr. M Shivakumar, Principal, GSSSIETW addressed the gathering. He thanked all the dignitaries for their presence in the inaugural function. He expressed that competition is a platform for the students to exhibit their ideas and skills acquired by them for learning. He mentioned that the 5th National IEEE Project Competition has received good response from participants of various institutions across country, he also thanked all the jury members for being an counterpart in success of the event.

After the inaugural function, 50 parallel sessions will be conducted to evaluate the projects in virtual mode on google meet platform. IEEE Project Competition has received around 1000 projects across India among which only 750 projects were selected for competition. Projects selected for this competition are segregated into 50 Sessions, based on
