The "MINI PROJECT EXHIBITION-2022" was recently organized by department of Electrical and Electronics Engineering in association, IEEE PES STUDENT CHAPTER (SBC 17861) Miss.Niveditha K V Lead Data Analyst, Tata Consultancy Services was Chief Guest for the event. Dr. G Sreeramulu Mahesh, Professor & HOD, Dept of EEE, staffs and students of EEE department have attended the event.

The chief guest addressed the fellow participants to build innovative projects and inculcate the entrepreneurial skills to become job creators than the job seekers. She insisted that projects gives relief from normal academic activities, gives more insight about technical knowledge & suggested students to continue their research and project works in the field of Electrical Engineering. The 6<sup>th</sup> sem EEE students of GSSSIETW participated & presented their project models in the event to showcase their innovative talent.

The Jury members for the event were Dr. G Sreeramulu Mahesh, Professor & Head Department of EEE, Mr. Raghavendra Deshpande Associate Professor, Dept of EEE, Mr. Chethan H R, Assistant Professor, Dept of EEE, GSSSIETW, Mysuru.

The projects were demonstrated in four parallel sessions. Among the 13 teams of students who presented their project models, among them two teams were selected as best projects and awarded with a attractive cash prize along with participation certificate.

The 4 teams who bagged the awards are:

1. CHANDANA J, NITHYA C M, PREETHI B S, YADHUSHREE N  
"WIRELESS TIME TABLE DISPLAY".
2. BHOMIKA A R, DIVYA S RAJ, MONISHA U, BHARATI S HIPPARAGI  
"TESTING KIT OF SCR, MOSFET AND IGBT".

The rest all teams who presented their working models and simulations studies received the participation certificates. The department of Electrical and Electronics Engineering whole heartedly congratulates all the prize winners and participants for showing their keen interest in exhibiting their Innovative talents with the project work they have carried out.
