ACTION TAKEN REPORT

Based on Stakeholder Feedback Analysis – Academic Year 2020-21

From the feedback analysis report, key improvement areas were identified across all four stakeholder groups. Appropriate actions were initiated by the institution to address these suggestions.

Sl. No	FEEDBACK	ACTION TAKEN
1.	The NAAC Peer Team and faculty suggested the installation of a Rainwater Harvesting Unit.	Acting on the recommendation, the management constructed a Rainwater Harvesting Unit near the Cloud 9 canteen with a storage capacity of 14,000 liters.
2.	Students and alumni recommended implementing a green initiative on campus.	In response, a 100kW distributed rooftop Solar PV Power Plant was installed on the rooftop of the Academic A Block to promote renewable energy usage and sustainability.
