Dr. G Sreeramulu Mahesh, Professor and Head, Department of EEE, GSSSIETW addressed the gathering and highlighted about the importance of higher studies for women.

Ms. Vaishnavi D R, User Experience Engineer, SimYog Technology, 2017 batch Alumnae of EEE addressed the students on essential role of higher studies.

She gave an overview about the admission process for higher studies in India. Admission to M.Tech programs is through GATE (Graduate Aptitude Test in Engineering) and MBA programs is through CAT (Common Admission Test) or GMAT (for international programs). India has several world-renowned institutions offering quality education and research opportunities such as IITs, IISc, NITs. These institutions are increasingly focusing on research, innovation, and entrepreneurship, supporting startups and technological advancements.

She also explained about growing trend towards interdisciplinary programs, combining fields like technology, business, design, and social sciences, to address complex global issues. Higher studies contribute to the advancement of knowledge, which in turn fuels innovation. Research conducted at higher education institutions can lead to new technologies, medical breakthroughs, and advancements in various fields and also explained about how Higher qualifications lead to better job prospects. Overall, the session was very informative to the students.

Finally, the Session was concluded with a remarkable vote of thanks for our distinguished Alumnae.
