PRESS NOTE

GSSSIETW Alumnae Association (R), Mysuru

“Rapid application development using Microsoft Power app: A low-code to no-code approach”

13th December 2025

Alumnae Association of GSSS Institute of Engineering and Technology for Women (GSSSIETW), Mysuru had organized an **“Rapid application development using Microsoft Power app: A low-code to no-code approach”** for 3rd Semester students of ISE on 13th December 2025 by the resource person **Ms. Chinmayi S**

Glimpses of welcoming alumnae Ms. Chinmayi S with the welcome speech by student Kirthan Kaveramma GSSSIETW, Mysuru.

The event began with a warm welcome to the resource person, **Ms. Chinmayi S.** She started the session by explaining the limitations of traditional software development and the need for faster and more flexible development methodologies.

Ms. Chinmayi S elaborated on Rapid Application Development (RAD) and how low-code/no-code tools support quick prototyping and iterative development. She gave a detailed explanation of the Microsoft Power Platform, including Power Apps, and Power BI.

She also shared real-world examples of how organizations use Power Platform to build business applications, automate workflows, and generate insightful reports with minimal coding. The session was interactive, and students actively participated by asking questions related to career opportunities and required skill sets.

Glimpses of Alumnae session took over by Ms. Chinmayi S Alumnae of ISE 2021

The alumni talk was conducted in an engaging and interactive manner with enthusiastic participation from students. **Ms. Chinmayi S** shared her industry experience and practical insights on Rapid Application Development using Microsoft Power Platform, making the session informative and inspiring. Students actively interacted, clarified their doubts, and gained valuable exposure to low-code and no-code development approaches, making the event both insightful and motivating.

ChinmayiS Alumnae of ISE and Alumnae Coordinator **Ms. Manasa H R** with 3rd Semester students.

The alumni talk on **Rapid Application Development using Microsoft Power Platform** was highly informative and successful. The session helped students understand the importance of **low-code and no-code** technologies in modern software development and their relevance in the industry. **Ms. Chinmayi S's** insights bridged the gap between academic learning and real-world applications, motivating students to enhance their skills and prepare themselves for future career opportunities.

The event concluded with an interactive Q&A session, where students asked thoughtful questions related to **Power apps and industry expectations**. The speakers encouraged students to stay updated with emerging technologies and to continuously up skill to remain competitive in the job market.

This session was immensely beneficial in preparing students with the right tools and strategies to face placements confidently. The **Alumnae Association of GSSSIETW** remains committed to offering such valuable learning opportunities to ensure students are industry-ready.
